THE PILLARS OF PROMINENT HOSPITALITY INTERIORS

Premium Quality

Offering premium quality on all fronts is of paramount importance to Satelliet. Their people, products and services are carefully crafted to meet the high standards and expectations of entrepreneurs and their guests in the hospitality sector. Satelliet is dedicated to delivering excellence, ensuring that every experience reflects a strong commitment to quality.

Full Service

With Satelliet you are completely covered. From the first moment until well after your project has been completed, Satelliet advises and supports you. This includes assistance with moving in, removing and recycling packaging, as well as providing the annual MOT which is a longevity-extending service for your furniture.

Tailor Made

Every project is unique. Proper implementation of a concept into reality requires a wide range and flexibility. Model, material and colour must fit and feel like a made-to-measure suit, fully tailored to your wishes. Satelliet ensures that every detail is customized to perfection, turning your vision into a reality that reflects your individual style and needs.

Sustainability

Sustainability is Satelliet's top priority and their ambitions are well known. They strive wholeheartedly, confidently and unwaveringly to become the most sustainable hospitality supplier in Europe by the year 2030

THE POWER OF COLLABORATION IN SUSTAINABILITY EFFORTS

Sustainability is much more than recycling and giving new value to used materials; it's also about placing greater value on collaborations. When striving together for sustainability, it fosters beautiful partnerships and initiatives in both human and material aspects. From development to production, delivery to maintenance and with all of the processes and people involved, these all contribute to sustainability. Bowltech, together with Satelliet are deeply rooted in community and acknowledge the responsibility for a sustainable future for the bowling industry.
